

SINCE 2008

METAL STONE TILES

HENGSHENG MOSAIC

www.hengxingmosaic.com

ABOUT US

We are a professional mosaic manufacturer located in Foshan, Guangdong, China, near to Guangzhou and Hongkong, benefiting transportation cost controlled.

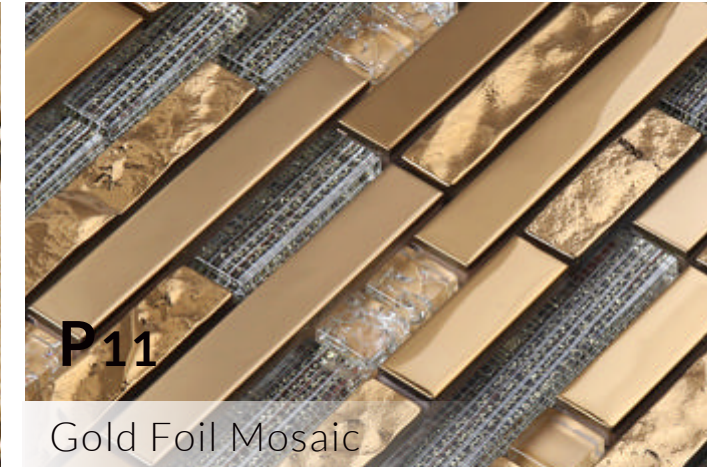

We are specializing in producing all kinds of glass mosaic since 2008. With more than 16,000 square meters production area, advance machines, such as 68 meter-long kiln, high precision bevel machines and inkjet printing machine, plus 150 skilled workers, our capacity reaches up to 50,000m²/month.

OUR SERVICE

All the production procedures are under strict quality control. From the designing, color adjusting, raw material cutting, color printing, glass cutting, edge-beveling, firing, assembling, to the packing, we do the 100% inspection and spot check before shipment. Besides, we guarantee our products quality with the international certificates, e.g.: SGS, TUV, BV, and CE.

Our mosaic tiles are used widely in kitchen, bathroom, swimming pool, hotel, resort, and so on.

C O N T E N T

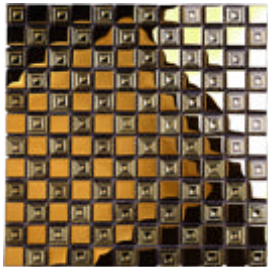

ELECTROPLATED GLASS MOSAIC

- Improve the wear resistance, reflective, beautiful.
- Environmetal protection, no radiation , not radioactive.
- It is not easy to fade, acid and alkali resistance, low temperature, high temperature resistant, resistant to chemical corrosion.

METAL MOSAIC SERIES

- Metal Mosaic: stainless steel, aluminum .
- Stainless steel: The cost is low, wear-resisting, Gold/silver color, surface finish has a dull or mirror.
- Aluminum : Cost is higher, wear-resisting, high strength, heavy; Only dull or mirror surface finish.

STONE MOSAIC SERIES

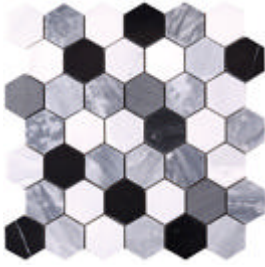

- The natural texture, has very rich natural stone texture.
- Specifications are square, bar, rounded shape, round and irregular plane, rough surface, etc.
- Applied to the wall or the ground, both retained the plain sense of natural stone material itself, and maketh rich patterns.

SHELL MOSAIC SERIES

- Shell Mosaic from the deep sea, derived from natural. There is no radiation and pollution. No smell after decoration.
- Density is high, hard, bibulous rate is 0%, good moisture-proof performance. Commonly used in the bathroom and toilet.
- Natural texture and luster, corrosion resistance, not easy fade.

COCONUT SHELL MOSAIC

- Coconut shell Mosaic color stability, no radiation, no pollution, easy to clean, easy maintenance.
- There is irregular natural texture, natural curve radian, strong sense of vision.
- Hardness is strong, waterproof, suitable for different environment decoration, can be widely used in various places.
